COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, APRIL 27, 2000

APPLICATION OF

ONSITE ACCESS LOCAL LLC

CASE NO. PUC000014

For certificates of public
convenience and necessity to
provide local exchange and
interexchange telecommunications
services

FINAL ORDER

On January 18, 2000, OnSite Access Local LLC ("OnSite" or "Applicant"), filed an application for certificates of public convenience and necessity ("certificates") with the State Corporation Commission ("Commission") to provide local exchange and interexchange telecommunications services throughout the Commonwealth of Virginia. The Applicant also requested authority to price its interexchange services on a competitive basis pursuant to § 56-481.1 of the Code of Virginia.

By Order dated February 18, 2000, the Commission directed the Applicant to provide notice to the public of its application, directed the Commission Staff to conduct an investigation and file a Staff Report, and scheduled a public hearing to receive evidence relevant to OnSite's application. On April 11, 2000, the Staff filed its report finding that OnSite's application was in compliance with 20 VAC 5-400-180,

the Rules for Local Exchange Telephone Competition ("Local Rules"), and 20 VAC 5-400-60, the Rules Governing the Certification of Interexchange Carriers ("IXC Rules"). Based upon its review of OnSite's application and audited financial statements, the Staff determined it would be appropriate to grant both local and interexchange certificates to the Applicant.

A hearing was conducted on April 25, 2000. OnSite submitted its proof of publication and proof of notice as required by the February 18, 2000, Scheduling Order. At the hearing, the application and accompanying attachments, and the Staff Report were entered into the record without objection.

Having considered the application and the Staff Report, the Commission finds that OnSite's application should be granted. Having considered § 56-481.1 of the Code of Virginia, the Commission also finds that OnSite may price its interexchange services competitively. Accordingly,

IT IS ORDERED THAT:

(1) OnSite Access Local LLC is hereby granted a certificate of public convenience and necessity, No. TT-90A, to provide interexchange services subject to the restrictions set forth in the IXC Rules and § 56-265.4:4 of the Code of Virginia.

(2) OnSite Access Local LLC is hereby granted a certificate of public convenience and necessity, No. T-485, to

provide local exchange telecommunications services subject to the restrictions set forth in the Local Rules and § 56-265.4:4 of the Code of Virginia.

(3) Pursuant to § 56-481.1 of the Code of Virginia, OnSite may price its interexchange services competitively.

(4) There being nothing further to come before the Commission, this case shall be dismissed and the papers herein placed in the file for ended causes.
